

## Europass Curriculum Vitae

### Personal information

First name(s) / Surname(s)	<b>Roberto Giovanni Maggioni</b>	
Address(es)	Via Forlì 12/A – 20099 – Sesto San Giovanni (Milano – Italy).	
Telephone(s)	Personal: +39.02.39662789	Mobile: +39.335.6049510
E-mail	roberto.maggioni@swt.it	
Nationality	Italian	
Date of birth	November 18, 1952	
Gender	Male	

### Work experience

Dates	1989 onwards
Occupation or position held	Owner, CEO.
Main activities and responsibilities	I ran Software Team in 1989 on the Italian Market. In 2009 I started the company internationalization process, first participating to the "Spring4" and "Dynameeting" programs of the Lombardy Region (Italy), then starting a technical and commercial cooperation with Mindray Medical, a Chinese major company in health care supplies, operating worldwide. Now Software Team has installations in Italy, Germany, France, Denmark, Belgium, Netherlands, Austria, Sweden, Norway, Iceland, Poland, Spain, Israel and Columbia. Under my direction Software Team has got the ISO 9001 and ISO 13485 certifications, becoming a company qualified for designing, developing and managing medical rated software. Our main product, called SmartLink, has been certified as CE Class 2 Medical Device.
Name and address of employer	Software Team srl, Via Carducci 39, Sesto San Giovanni (Milano - Italy).
Type of business or sector	Medical software for B2B health care market.
Dates	1982 - 1988
Occupation or position held	Product Manager - Laboratory Information Systems and Holter Cardiological Systems.
Main activities and responsibilities	In those years Kontron Instruments was one of the most important companies, in Italy and in the world, managing his own products and other leading brands such as Coulter (for Haematology). I launched on the market an innovative network and microcomputer-based Laboratory Information System, having commercial success in all the Italian regions. I introduced in the Italian market a fully computerized Holter System, selling a lot of recorders and analysers in Italy, especially in the private health care market.
Name and address of employer	Kontron Instruments – Milano – Italy.
Type of business or sector	Analytical and medical equipment for health care market.

Dates	1979 - 1981
Occupation or position held	Researcher
Main activities and responsibilities	Design and development of a Laboratory Information System platform based on microcomputers and networks. In cooperation with a UCSD (University of California San Diego) researcher I developed this new software platform using the structured language Pascal UCSD. The new platform was tested and adopted by the San Raffaele Hospital's analytical laboratories. On this platform was based the development of the Lab80 System, Laboratory Information System made by Kontron Instruments.
Name and address of employer	CNR (National Italian Research Council) – Milano (Italy) – Biomedical Technologies Institute – c/o “San Raffaele” Hospital.
Type of business or sector	National Institution – Health Care Projects.

## Education and training
